BACKFLOW PREVENTION INVENTORY ACKNOWLEDGEMENT FORM

Project / Development Name: _____

Property Address: _____

Property Owner: _____

Builder / Contractor: _____

IMPORTANT – WATER SERVICE REQUIREMENT

WATER SERVICE WILL NOT BE ESTABLISHED UNTIL GWSSA RECEIVES THE REQUIRED BACKFLOW PREVENTION INVENTORY FORM.

The inventory form must identify each installed assembly, including its type, manufacturer, model, serial number, and installation location. Forms are available on the GWSSA website or at the Agency office.

CUSTOMER ACKNOWLEDGMENT

By signing below, I acknowledge that I have received and understand GWSSA's backflow prevention requirements and the order of operations outlined above. I understand that all required backflow prevention assemblies must be properly installed, inspected, tested, and reported to GWSSA before water service will be established following issuance of the Certificate of Occupancy.

I understand that failure to comply with the GWSSA Cross Connection Control Ordinance may result in delays to water service, enforcement action, civil penalties, or discontinuation of service as authorized by the Ordinance.
